Forecast for Thursday 30 Jun 2022

Weather: After a largely dry and bright start, showers will soon break out from mid-morning onwards. The showers are likely to be heavy and slow-moving, with the risk of hail, thunder and lightning as additional hazards, especially during the afternoon and early evening. Any showers or thunderstorms gradually easing through the evening, with some low cloud on the summits.

Chance of cloud-free hill tops above 600m: 60%at first increasing to 90% by the afternoon.

Low cloud and visibility: Down to 500 metres in any overnight showers but lifting above summits Thursday morning. Visibility generally very good, but deteriorating quickly in heavy showers.
